2019 Ram 1500 Named Edmunds 2019 Best Family Truck

May 27, 2019, Auburn Hills, Mich. - Edmunds editors announced today the 2019 Ram 1500 has earned their 2019 Best Family Truck Award.

"A truck as a family car makes sense when you drive the Ram 1500 – especially if your family is outdoorsy and has lots of toys," said Alistair Weaver, editor-in-chief at Edmunds. "With reclining rear seats, class-leading legroom and an exclusive coil-spring rear suspension, the Ram 1500 outclasses many traditional SUVs in comfort and luxury."

In the search for best family vehicles, Edmunds' experts test 300 vehicles per year using a 115-mile real-world test loop of city streets, freeways and winding canyons. The data gathered results in their ratings, which are based on 30-plus scores covering performance, comfort, interior, technology, utility and value.

"The 2019 Ram 1500 is the benchmark for durability, technology, luxury and efficiency," said Reid Bigland, Head of Ram Brand. "This award from Edmunds, combined with their 2019 Editor's Choice award, supports our efforts and highlights a rapidly growing interest from customers who use our pickups as family vehicles."

2019 Ram 1500

The all-new 2019 Ram 1500 is a no-compromise truck, leading in luxury, efficiency, capability and innovation. Ram leads the full-size truck segment with significant gains in fuel efficiency through an all-new eTorque mild hybrid system in both V-6 and V-8 configurations. Overall weight for the Ram 1500 has been reduced by 225 pounds. The frame uses advanced materials and engineering to eliminate 100 pounds while increasing stiffness and durability for 12,750 pounds of towing capability and 2,300 pounds of payload. The new Uconnect 4C with a massive 12-inch touchscreen leads the pickup world with technology, featuring split-screen capability, 360-degree camera views and exclusive content from SiriusXM with 360L. Active safety and security systems join the technology onslaught with adaptive cruise control, automatic emergency braking and blind-spot monitoring.
